Write 1-2 pages summarizing the excerpt. Make sure you answer the following questions in your summary:

- Why don't we always use the charts that can provide accurate data representation? Like line and bar charts. In which case you should always use accurate graphs? Provie examples in your writing.
- What is Anscombe's Quartet trying to communicate?
- What are the six organizational principles from Gestalt theory? Explain "closure" and "continuity" principles.
- What are preattentive processing and preattentive attributes?
